

# COVID-19 CORONAVIRUS

In common with most schools we are taking precautions designed to limit the spread of coronavirus and the risk it poses to the school community. These precautions are based on advice received from Public Health England, the WHO and the Boarding Schools Association among others.

**Do you have a** new continuous cough, a high temperature or a loss or change to your sense of taste or smell?

**Does any member of your household have a** new continuous cough, a high temperature or a loss or change to your sense of taste or smell?

**If so, please do not visit King's Ely at present.**

You should visit [www.nhs.uk/conditions/coronavirus-covid-19](https://www.nhs.uk/conditions/coronavirus-covid-19) and follow the guidelines:

- If you have tested positive for COVID 19 or have symptoms of a new continuous cough, a high temperature or a loss or change to your sense of taste or smell you should self-isolate for 10 days
- If you live with other people and any member of the household has symptoms of a new continuous cough, a high temperature or a loss or change to your sense of taste or smell you should all self-isolate for 14 days from the day the first person got symptoms”
